- Indoor and outdoor practice facilities
- Bespoke residential golf course design

Our Services:

- Consultancy and advice
- Bespoke CAD design service
- Themed design and build
- Full supply and installation
- Project management
- Cost analysis and ROI

NylonPro
12mm pile height

Our NylonPro offers fantastic ball rolling characteristics due to the surface having almost no pile direction. The product doesn't only feel incredible but also looks sensationally natural due to the bi-coloured, 100% nylon micro curled yarn that we have designed exclusively for NylonPro 12mm.

- ✓ Non directional speed
- ✓ 100% nylon micro curled
- ✓ Professional putting green surface

Wentworth
15mm pile height

Our Easi-Wentworth grass is specifically designed to mirror the look and feel of a professional golfing green. The putting green fibres offer an exceptionally low-texturised finish to accurately simulate roll and ball speed. Suitable for installation in most outdoor or indoor spaces.

- ✓ Texturised putting green surface
- ✓ Built for the ambitious golfer
- ✓ Ideal for domestic putting greens

Tour Putt Ultimate
25mm pile height

The result of years of research and development which has culminated in our engineers being able to create a perfect surface for approach shots, combined with fantastic putting characteristics. The 100% nylon yarn ensures that the putting surface doesn't allow the ball to start to roll too quickly providing a beautiful and consistent playing surface all year round.

- ✓ Non directional speed
- ✓ 100% nylon micro curled
- ✓ Hybrid putting green surface

Premier Tee
30mm pile height

The ultimate tee product, equipped with a triple stabilised polyamide yarn making it the most rigid tee grass available on the market. A good golf swing start with a proper posture, and proper posture starts with a stable stance, all achieved by teeing off on Premier Tee 30mm.

- ✓ 100% nylon extra stabilised
- ✓ Ultra-high density
- ✓ Premium tee product
